RE: Microsoft Proposed Settlement Agreement

Dear Ms. Hesse

The Microsoft settlement is a nimble resolution that preserves competition, allows Microsoft and its rivals to freely continue to meet consumer demands, and helps define the direction of government's role in the high-tech industry. More than anything, certainty and resolution will help the economy and promote new investment in technology.

In my estimation, it will be very hard to justify rejecting a settlement that is good for consumers, the technology industry and the economy as a whole. Accordingly, I urge you to accept the proposed settlement agreement.

I thank you for your time.

Sincerely,

  
Guy R. Gregg  
Assemblyman  
District 24
